

Student Expectations

The magnet faculty and staff expects the student to be motivated, open to new and imaginative educational experiences, and willing to accept the challenge of a rigorous standard based curriculum.

Mastery of the following expectations will guide the student to success:

1. Prioritize and take responsibility for his/her own learning
2. Demonstrate mastery of the A-G college requirements
3. Make every effort to regularly come to school and attend all classes
4. Exhibit self-respect and respect for ethnic and gender diversity
5. Participate in extra curricular activities

rade

A Magnificent Future Awaits You

By 2012, schools across America will need to employ more than 3.5 million teachers. The message is clear, teach!

Through a uniquely crafted standards-based curriculum, the Teacher Training Magnet faculty prepares students for admissions to college and prepares them to enter the teaching profession.

THE

 Teacher Training Magnet attracts,

nurtures, and trains young people, who at an early age, demonstrate an ability or interest in teaching and are interested in going to college.

Magnet students are enrolled in honors A through G standards-based college preparatory courses.

Students also participate in paid teacher focused internships throughout the community.

Here is a real opportunity for the high school student who has a strong desire to go to college, and may want to become a teacher participate in an exciting innovative program.

THE CURRICULUM

The *Teacher Training Magnet* curriculum provides an opportunity for all students to meet *all* graduation requirements and admissions to the UC's, CSU's, and private institutions.
